Ref RAFT/RRHA Support of Rockaway River Clean-up on June 21

Dear River Watchers,

On Saturday June 21, we have another opportunity to support a Boy Scout Eagle Project. Jason Lui of Randolph has worked out a great plan for restoring the river banks of the recently acquired Passaic River coalition property (the vacant property off Morris Ave). If you would like to help, please follow his direction below. Even if you can only come for an hour, please support this worth effort. Hope to see you there.

Thank You,

P. Ted Hussa
Denville Mayor
RAFT/RRHA Officer

Rockaway River Cleanup

Jason Liu from Troop 166 of Randolph NJ, will be doing an eagle project on Saturday June 21. (Rain date June 22 Sunday). Volunteers and boy scouts will meet at the pavilion (next to the concession stand) in Gardner fields in Denville starting at 9 am. Boy scouts in troop 166 and other volunteers will be there to help. This project is supported by Denville and Passaic River Coalition.

The project will involve removing debris, tires, and branches from the river to control flood and also planting shrubs to help erosion. Cleaning the water will improve the environment and water quality.
