**TO: Morris County Open Space Committee**

**FROM: Mayor P. Ted Husa**

**DATE: August 12, 2008**

**REF: Priority of Open Space Applications**

Dear Open Space Committee,

We would like to make our position perfectly clear to your committee regarding our order of priority for our open space applications for 2008. We were approached to partner with POWWW and asked to make up the differential funding for their application, which is the Curtis Property. However, this support should have no impact whatsoever on our number one and number two applications.

Our number one application is the Patterson Diocese property located on the corner of Hill and Cooper Roads. This parcel augments our first-ever open space acquisition, which is the Knuth Farms.

Our number two application is the Kovacs property, which we call the Muriel Hepner Park Extension. This is a custom made application to expand that very popular park with additional passive parkland.

We view both of these prospective acquisitions with equal enthusiasm and are very excited about the possibilities they will bring.

Sincerely Yours,

P. Ted Husa  
Mayor
