KNOX-BOX® Residential Program

When a medical emergency strikes, help is only a call away. However, for those who live by themselves or who have special mobility issues, what happens when they can't get to the door to let first responders in?

The Knox-Box® Residential Program is ideal for individuals:

- With a history of medical problems
- Recuperating from a hospital stay
- Living alone
- Using an electronic calling/medical alert service
- Seasonal Residents

The Knox-Box® Residential Program enhances the Fire Department's response times. A residential Knox-Box not only allows responders to enter a home unassisted, it also prevents forced entry damage and added stress to the patient.

Knox-Box Model #1657
 Dark Bronze Surface Mount, Lit-off Door

Knox-Box Model #1659
