## RECYCLING REQUIREMENTS FOR DENVILLE BUSINESSES

Mandatory recycling began in New Jersey following the enactment of the New Jersey Statewide Mandatory Source Separation and Recycling Act in 1987. In Denville, the Governing Body of the Township of Denville adopted an ordinance on April 28, 2008 making recycling mandatory for both residential and commercial establishments located in Denville.

Each property owner, business, multi-family dwelling and institution must be able to demonstrate their recycling program is active, current and effective.

**The Township of Denville shall be conducting courtesy visits to commercial businesses, multi-family dwelling complexes and other institutions throughout the municipality during the months of June and July 2011 to review the effectiveness of their recycling programs.**

Please note that the use of recycling containers, posters/signage and collection of recyclables shall be stressed. Container(s) must be clearly visible and signage must indicate the establishment's recycle program. Multi-containers may be required for larger establishments, offices and multi-family dwelling complexes. In advance of these visits, businesses, multi-family dwelling complexes and institutions should review [www.denvillenj.org/recycling.php](http://www.denvillenj.org/recycling.php) for program details and guidelines.

*Comply with the law, help the environment and save your company money.*

The following page contains a series of questions which can help you to identify if you have an active, current and effective recycling program for your business, multi-family dwellings or institution.

If you have any questions or require additional information, you are encouraged to contact [Recycling@denvillenj.org](mailto:Recycling@denvillenj.org).

1 ST. MARY'S PLACE, DENVILLE, NJ 07834

## **Township of Denville -- Recycle Program**

Commercial establishments are required to submit annual recycling plans/vendor contracts by January 15 of each year to Denville Department of Public Works, 140 Morris Ave, Denville, NJ 07834. (ordinance 23-4 a).

The following series of questions shall help you to identify if you have an active, current and effective recycling program for your business, institution, hotel, office complex, school or multi-family dwellings:

- 1- Do you know the current recycling regulations?
  - Do you know your true cost of recycling?
- 2- Do you have a written program in place?
  - Do you update it?
  - Do you disseminate recycling information correctly?
- 3- Do you have separate bins for trash and recyclables?
  - Are separate bins located at correct indoor locations plus outside consolidation points?
  - Do you have sufficient recycle bins effectively placed for visitors, workers and janitorial personnel?
  - Are they located in public and private areas?
  - Do you source segregate?
- 4- Do you have a "Green Team" at your business to promote recycling?
- 5- Did you effectively promote the program via written correspondence on reoccurring basis?
  - Do you use posters and possible multilingual signage?
  - Do you use proper signage on individual containers, consolidation containers?
  - Are recycle bins being used properly?
  - Is outdoor final consolidation area properly designated/marked pursuant to the regulations?
  - Is outdoor final consolidation area clean and orderly?
- 6- Do you have written contract with recycle vendor?
- 7- Can you document recycle pickups via your vendor?
- 8- Did you fill out and mail the annual tonnage report to DPW as required by law?

**Each business, institution, office complex, hotel, school and multi-family dwellings is required to complete a recycling tonnage report on or before March 1<sup>st</sup> of each year and send the report to:**

**Denville Department of Public Works, 140 Morris Ave, Denville, NJ 07834.**

If you have any questions or require additional information, you are encouraged to contact

### NON RESIDENTIAL RECYCLING INSPECTION PROCESS – JUNE 2011

The Township of Denville complies with recycling programs as established by the New Jersey Department of Environmental Protection, and Morris County MUA.

The Township of Denville's Municipal Recycling Coordinator and the Department of Public Works coordinate closely with the Code Enforcement Officer, Denville's Fire Marshall and Health Inspector to ensure compliance to recycle ordinances and sustainability efforts.

Each property owner, business, multi-family dwelling and institution must be able to demonstrate their recycling program is active, current and effective.

Comply with the law, help the environment and save your company money.

---

9. New establishments:
- a. Any application to the Township of Denville Planning Board for subdivision for the following types of location must include a recycling plan.  
 Multifamily – 3 or more units  
 Single family developments of 50 or more units  
 Industrial development of 1,000 sq feet or more of land
  - b. Plan must include expected composition and amounts of solid and recyclables generated
  - c. Locations must provide for convenient recycling opportunities for all owners, tenants and occupants. Recycle area shall be of sufficient size, location and other attributes (signage, lighting, fencing) as may be determined by Municipal Recycling Coordinator.
  - d. Prior to issuance of Certificate of Occupancy by the Township, the owner of the proposed establishment must supply a copy of a duly executed contract with a vendor for the purposes of collection and recycling of source segregated material where the municipality does not otherwise provide this service.

10. Construction, Renovation, and Demolition Debris Recovery Plan
- a. "Covered project" shall mean a construction, renovation or demolition project for which a building permit, or demolition permit is required and for which a dumpster or roll off container shall be placed on premises for the purpose of solid waste materials.
  - b. A debris recovery plan shall be filed with the municipal recycling coordinator prior to commencement of the activity listed above. The plan shall identify the types of estimated quantities of construction, renovation and demolition (C R D) debris to be generated, how each material will be managed and the name or service provider to that material. Plan shall further detail how the applicant shall ensure that a minimum of 50 % of the materials to be generated will be separated and recycled.
  - c. Debris recovery plan shall be reviewed by Municipal Recycling Coordinator (MRC) and if acceptable, plan shall be marked "approved" and returned to the entity submitting the plan. MRC can grant adjustments to the 50 % diversion rate.
  - d. Upon completion of the covered project, but before the final inspection, the owner of the entity carrying out a covered project shall submit in person or by certified mail to the MRC the documentation required to demonstrate that the applicant has met the diversion requirement. Documentation must include: quantity of each material, receipts of service providers utilized in the project and any other information which is relevant to determining compliance to the diversion requirement.

11. Annual tonnage report filed \_\_\_\_\_ date \_\_\_\_\_  
 Each business, institution, office complex, hotel, school and multi-family dwellings is required to complete a recycling tonnage report on or before March 1st of each year  
**Reports should be sent to:**  
**Denville Department of Public Works, 140 Morris Ave, Denville, NJ 07834.**

Inspector \_\_\_\_\_

Signature \_\_\_\_\_

**Note----- Non residential establishments may send copies of executed recyclable vendor contracts instead of recycling plan.**

*Below is customizable sample language addressing the Establishment's recycling program, indoor and outdoor bin(s), and move in/out requirements*

**BE SURE TO ADD SITE SPECIFIC INFORMATION.**

I am a \_\_\_\_\_ tenant \_\_\_ property owner \_\_\_\_\_ non residential establishment

1. NAME

address

has an active recycling program. All employees/tenants/visitors are strongly encouraged to participate in the program.

New Jersey DEP, Morris County MUA and Township of Denville regulations are observed and followed:

NJ Recycling <http://www.nj.gov/dep/dshw/recycling/>

Morris County Recycling <http://www.mcmua.com/recycling/index.htm>

Township of Denville Recycling <http://www.denvillenj.org/recycling.php>

2. Documentation

Recycle program is active, current and effective. \_\_\_\_\_ (initial)

Written recycle program is in place and can be reviewed upon request. \_\_\_\_\_ (initial)

I been given educational materials that explain what materials must be sorted from my garbage and recycled\_\_\_\_\_ (initial)

I have received information on the regulations which apply to recycling. \_\_\_\_\_ (initial)

I have been shown the building's recycling & garbage area \_\_\_\_\_ (initial)

A list of recyclable materials is made available to each tenant (upon move-in), employee and can also be found on each recycling (DUMPSTER/CART).

Other .....

3. Recycling Containers

Inside Building

Recycling bins and trash containers are properly labeled effectively placed.

Outside Building

DUMPSTERS/consolidation containers are located at convenient locations and properly labeled. Area is neat and orderly. Only recyclable materials may be placed into the recycling containers. A list of recyclable materials is available and can also be found on each recycling (DUMPSTER/CART).

Additional lists are available from .....

5. Recyclables

Place specific information on procedure to recycle each item:

- AUMINIUM CANS \_\_\_\_\_
- GLASS BOTTLES AND JARS \_\_\_\_\_
- PLASTIC BOTTLES (CODED 1,2,4,5,7 ????) \_\_\_\_\_
- STEEL/TIN \_\_\_\_\_
- PAPER \_\_\_\_\_
- NEWSPAPER \_\_\_\_\_
- CORRUGATED CARDBOARD \_\_\_\_\_
- Food establishments – grease, cooking oil \_\_\_\_\_
- Others .....

4. MOVE-IN

Multifamily: New tenant(s) receive recycling information at time of move in. Tenants receive follow up recycling information every six months.

Non residential .....place site specific information.

5. MOVE-OUT

- a. All recyclable materials will be placed recycling containers.
- b. Bulky items (mattresses, couches,) will be disposed of properly.
- c. Household hazardous waste (paint, batteries, cleaning supplies, etc.) will be taken to Household Hazardous Waste (HHW) Collection Facility and /or disposed of according to regulations.
- d. Unwanted electronics will be handled per regulations.

6. Other site specific considerations

To: All Municipal Businesses and Institutions

Re: 2010 Recycling Tonnage Report

According to Denville Township's Municipal Ordinance and State Law, **all residents, businesses, and institutions are required to recycle**. Therefore, as the owner, operator, or manager of a business, institution or multi-family dwelling, you must ensure that a recycling program is in place.

Each year, as required by NJDEP recycling regulations, N.J.A.C. 7:26A-10.3 and Municipal Ordinance #6-08, all businesses, institutions and multifamily dwellings must report the prior year's tonnage of recycled materials to the municipal recycling coordinator by March 1<sup>st</sup>. **Failure to establish a recycling program and/or submit tonnage information may result in a monetary penalty.**

Please complete and return the attached *RECYCLING TONNAGE REPORT*. The reverse side of the form provides important information as well as instructions on how to complete it.

Local businesses are the backbone of our town and your cooperation is critical to the success of our recycling goals and initiatives. Should you have any questions once you have reviewed the enclosed materials, please do not hesitate to contact me at (973)-625-8334.

Recycling has proven to be an economically sound business practice by which disposal costs are avoided and revenue may be generated by the sale of recyclable materials. Each municipality receives a grant from the NJDEP based on the number of tons of material recycled, so your assistance does make a difference. Please help Denville achieve its 50% mandated recycling goal.

Thank you in advance for your cooperation.

The Denville Recycling Team

# DENVILLE 2010 RECYCLING TONNAGE REPORT

## Section 1

Type or print the following information:

Name of business/institution:	Contact: _____
Address: _____	Title: _____
_____	Phone/Fax: _____
_____	E-Mail: _____
Type of business/institution: _____	

**The submission of this report is required by law. DEADLINE: March 1, 2011**

## Section 2

**Important - See the reverse side of this form for information on completing it.**

D#	Material	Tons	Company providing recycling services
01	Corrugated cardboard		
02	Mixed office paper		
03	Newspaper		
04	Other paper/magazines/junk mail		
05	Glass bottles & jars		
06	Aluminum cans		
07	Steel cans		
08	Plastic containers		
09	Heavy Iron		
10	Non-ferrous/other aluminum scrap		
11	Metal appliances & light iron		
12	Anti-freeze		
13	Batteries, lead-acid		
14	Scrap autos		
15	Tires		
16	Used motor oil		
17	Brush/tree parts		
18	Grass clippings		
19	Leaves

23	Food waste & cooking grease		
24	Misc recyclables* (list below)		
25	Other glass		
26	Other plastic		
27	Petroleum contaminated soil		
28	Process residue		
29	Textiles		
30	Wood scraps		
	Mixed materials. List by ID # any materials that are mixed together or commingled for recycling. Use separate sheet if needed.		

\*Miscellaneous recyclable materials:

### **Important Note**

Each year, as required by Denville Recycling Ordinance #6-08 and the New Jersey Department of Environmental Protection (NJDEP) Recycling Regulations, NJAC 7:26A-10.3 (2009), all businesses and institutions, including multifamily housing owners or their agents, must report the weight in tons of materials collected for recycling from their premises. **Denville** is required by law to file an annual report that documents that tonnage with the NJDEP. To file this report, information is needed from all of the commercial and institutional establishments in town. This report also verifies that you are recycling and maintaining records of your recycling efforts as required by municipal ordinance #6-08.

### **Instructions for Completion of 2010 Recycling Tonnage Report**

#### **Section 1**

Please type or print the name of your business or institution, its address and all contact information. Let us know what type of business or institution you are; for example, school, office, factory, restaurant, etc. **ONLY report tonnage for materials recycled from January 1, 2010, through December 31, 2010.**

#### **Section 2**

The list of materials, ID # 1 to # 30, includes mandated recyclables, as well as commonly recycled materials. Print the weight in tons of that material and the name of your recycling hauler or end market.

- If you do not know the weight in tons, you may list pounds, cubic yards, gallons, square yards for rugs, number of units for lead-acid batteries, tires, electronics, fluorescent lights. Be sure to print the unit of weight/measurement next to each item; for example, 7.5 tons, 25 gallons, 2 units.
- If your recycling hauler reports the tonnage to **Denville** on your company's behalf, please leave the "Tons" column blank.

To complete the "Company providing recycling services" column:

- List name of hauler or end market. If that company reports the tonnage numbers on your company's behalf, please indicate that. We will cross-check your report with the information that the recycling company provides.
- If your landlord or a property management company is responsible for your recycling, list the appropriate name and phone number. We will contact them for the tonnage numbers.
- If you take your recyclables directly to the **Denville** recycling depot, print "recycling depot" across from each of those materials. You do not have to fill in the tonnage weight information for those materials.
- Use a separate sheet of paper for multiple vendors.

#### **Definitions of Material**

##### **PAPER**

01 - **Corrugated** - Containers and similar paper items usually used to transport supplies, equipment parts or other merchandise.

02 - **Mixed Office and Computer Paper** - Any and all types of "office-type" paper including, but not limited to: computer paper, hi-grade white paper, typing paper, copier paper, onion-skin, tissue paper, notepad, envelopes, manila folders and colored paper, or any mix thereof.

03 - **Newspaper** - All paper marketed as newsprint or newspaper and containing at least 70% newsprint or newspaper (American Forest and Paper Association grades #6, #7 and #8 news).

04 - **Other Paper/Magazines/Junk Mail** - All paper, which is not defined, as corrugated, mixed office paper, computer paper or newspaper. Examples are as follows: magazine stock, telephone directories, wrapping paper, chip board, books and grocery bags. [papers coated with plastic, film or foil and paper contaminated with food should not be included]

##### **CONTAINERS**

05 - **Glass Containers** - All glass containers used for packaging food or beverages.

06 - **Aluminum Cans** - Food and beverage containers made entirely of aluminum.

07 - **Steel Cans** - Rigid containers made exclusively or primarily of steel or tin-plated steel and steel and aluminum cans used to store food, beverages, paint and a variety of other household and consumer products including motor oil filters.

08 - **Plastic Containers** - Containers such as polyethylene terephthalate (PETE - #1) soda bottles, high density poly ethylene (HDPE - #2) milk, water or detergent bottles, vinyl (V - #3), low density polyethylene (LDPE -#4) containers, or polyvinyl chloride (PVC - #5) bottles and rigid and foam polystyrene (PS - #6).

##### **METAL**

09 - **Heavy Iron** - All ferrous scrap, structural steel or cast iron components.

10 - **Non-ferrous and Other Aluminum Scrap** - All non-container aluminum, copper, zinc, brass and other metals, which generally do not rust.

11 - **White Goods and Light Iron** - All appliances such as washers, dryers, refrigerators, etc. as well as products made from sheet iron, such as shelving, file cabinets, metal desks, recycled or reconditioned steel drums and other non-structural ferrous scrap.

#### AUTO

12 - **Anti-freeze** - All automotive engine coolant consisting of a mixture of ethylene glycol and water or propylene glycol and water.

13 - **Batteries, Lead-Acid** - Batteries from automobiles, trucks, other vehicles and machinery and equipment. **THIS DOES NOT INCLUDE CONSUMER BATTERIES (see#21).**

14 - **Scrap Autos** - Crushed or shredded automobile or truck bodies excluding auto shredder residue or "fluff"

15 - **Tires** - Rubber-based scrap automotive, truck or specialty (e.g. forklift) tires. NOTE: This material must be recycled at a registered, exempted or pending "Class B" recycling facility (see Appendix B for a list of registered facilities).

16 - **Used Motor Oil** - A petroleum -based or synthetic oil which, through use, storage or handling, has become unsuitable for its original purpose due to the presence of impurities or loss of original properties. Used motor oil filters shall be reported as item 7, steel containers.

#### YARD MATERIAL / VEGITATIVE WASTE

17 - **Brush/Tree Parts** - Branches and woodchips generated from residential and institutional sources (e.g. storm damage and pruning activities).

18 - **Grass Clippings** - Grass clippings derived from the mowing of lawns or other grassy areas.

19 - **Leaves** - Leaves and other yard debris excluding grass and brush, from residential, institutional, commercial or industrial sources.

20 - **Stumps** - Unfinished wood from commercial land clearing activities. NOTE: This material must be recycled at a registered, exempted or pending "Class B" recycling facility (see Appendix B for a list of registered facilities).

#### OTHER

21 - **Consumer Electronics** - A broad field of electronics that includes devices such as TVs, DVDs, VCRs, radios, hi-fi stereo, home theater, handheld and software-based games as well as Internet appliances.

22 - **Concrete/Asphalt and Masonry / Paving Materials including MILLINGS** - Asphalt or asphalt-based roofing shingles, concrete, brick, cinder block, ceramic materials stones, other masonry materials and paving materials. NOTE: This material must be recycled at a registered, exempted or pending "Class B" recycling facility (see Appendix B for a list of registered facilities).

23 - **Food Wastes & Cooking Grease** - Cooking oil, fryer grease, food plate wastes and food processing wastes. Food processing wastes include food processing waste, food processing residuals and animal processing wastes. If the material is transported and processed as animal feed, it should be identified as such. Materials generated in trimming and reject sorting operations from the processing of fruits and vegetables in canneries and similar industries, e.g. tomato skins, pepper cores, bean snips cranberry hulls, etc., should be classified as (28) process residue. (Note: This definition is used for Tonnage Grant purposes only, and does not reflect the definition as per the to-be-proposed solid waste and recycling regulations.)

24 - **Miscellaneous Recyclable Materials, Fluorescent Lights & Household Batteries** - Includes any other non-hazardous materials which would otherwise be classified as solid waste and is not otherwise defined in this section and documented as being recycled. Examples include household batteries, paint, fluorescent lights, furniture, wallboard, padding and insulation. **Construction and Demolition debris must be separated into its various materials.** Any material labeled as C&D will be disallowed.

25 - **Other Glass** - All non-container glass such as plate glass, drinking glasses and automotive glass.

26 - **Other Plastic** - Low-density polyethylene (LDPE) film or bags, other film, plastic closures, durable goods and plastic pallets (provided they are recycled and not simply reused). Includes plastic from Verizon, PSEG, and most supermarkets.

27 - **Petroleum Contaminated Soil** - Non-hazardous soils containing petroleum hydrocarbons resulting from spills, leaks or leaking underground storage tanks used for gasoline or any other commercial fuel and which are recycled in accordance with the requirements of N.J.A.C. 7:26A-1.1 et seq. NOTE: This material can be recycled at "Class B" facilities (for example, authorized asphalt manufacturers).

28 - **Process Residue** - Includes ash recovered from any form of incinerator power plant and any other process residue (i.e. manufacturing scrap) which is non-hazardous and meets the definition of an ID-27 industrial waste. NOTE: Sludge is not included in this or any other definition.

29 - **Textiles** - Cloth materials such as wool, cotton, linen, nylon or polyester derived from carpet, clothing, linens or cloth diapers.

30 - **Wood Scraps** - Unfinished lumber. Included in this definition are wooden pallets. Utility Poles are not recyclable. NOTE: This material must be recycled at a registered, exempted or pending "Class B" recycling facility (see Appendix B for a list of registered facilities).
